

WiFi connection

Password/key AMALYH7A

- 1) Plug in and turn on the Huawei E5220 modem.
- 2) Search your mobile phone for the **3MobileWiFi-5DAF** and enter the password/key (above) and connect.....

You are now ready to
'Browse/Surf'

Fair usage applies and NO tethering or disconnection may occur...

FINE PRINT

The internet service at Dunmanus View is via mobile WiFi and due to the rural location unfortunately there can be interruptions, malfunctions, or delays in Service.

Tethering is currently not allowed, and the service must not be used for any improper, immoral, fraudulent, or unlawful purposes or for the sending of any information which is of an offensive, abusive, indecent, obscene or menacing nature. A fair usage policy also applies.

Under no circumstances will the property managers or owners be liable for any losses, damages, costs or expenses arising from or in any way connected with any errors, defects, interruptions, malfunctions or delays in the provision of the Service.

The internet service is being reviewed on a regular basis, but should you require WiFi outside the above parameters, then apologies that Dunmanus View is possibly not the right choice for your holiday home.....
