

# TV and Combi Box

Simple instructions for viewing the TV and accessing channels

Turn on TV and Combi Box at wall socket and press red buttons on both remotes

Press source button (top right of Samsung remote) and click on **HDMI 1** to access TV channels

Press **OK** button on combi remote to access satellite channels

Please **DON'T** change any settings on the Combi Box

## Small print

Due to the rural location the signal is not always 100% but if you have any other 'user related issues' please contact TV engineer Denis on 0861028930 (call out fee to be paid on arrival) for further advise...
